The Anniversary Campaign  
for Grove City College

An exciting chapter in our  
extraordinary journey begins.

Grove City College shapes the world  
by developing leaders of the  
highest purpose and principles who  
serve the greater good.

Our success as a Christian liberal arts  
college and champion of freedom  
for nearly a century and a half  
is a milestone to embrace.

By God's grace, **Impact 150:**  
**The Anniversary Campaign for**  
**Grove City College** will advance  
our vital mission for generations.

Together, with the help of alumni  
and friends, we can make an  
impact with lasting purpose.

**YOUR SUPPORT MAKES  
OUR JOURNEY POSSIBLE.**

**GROVE CITY  
COLLEGE**

## Our Vision

Increasing financial aid sustains our commitment to provide an excellent, Christ-centered education at an affordable cost, safeguards our independence, and strengthens our ability to attract and support academically strong students who will engage and impact our world for good.

**Goal: \$16M**

### Inspiring Potential. Increasing Financial Aid.

**EVER FORWARD: PROTECTING FREEDOM,  
PROVIDING VALUE**

Grove City College advocates free-market principles, independence from government regulation, and the effective stewardship of resources. We are among the few colleges in the United States that accept absolutely no funding from the federal government. And yet we continue to compete academically on a level with the finest colleges and universities in American higher education.

To sustain our mission and remain a first choice for generations to come, our ability to provide financial aid to students with academic potential is our highest and ongoing priority. Guided by the goals and objectives outlined in the College's strategic plan, we must provide at least 50% of unmet financial aid need to achieve enrollment goals and attract and retain students who value our transformational Christ-centered educational experience.

## LEARNING WITH PURPOSE

Education: a means to grow in the Lord. "...[I]n whom are hidden all the treasures of wisdom and knowledge" (Col 2:3).

## A BEACON IN HIGHER EDUCATION

Grove City College operates on a balanced budget and maintains little debt. When compared to other institutions, the College's model of financial aid is highly unique.

- \* Annual tuition, room and board income totals approximately what it costs to operate the College
- \* We do not use funds from 'full pay' student X to help fund 'scholarship' student Y
- \* We do not discount tuition—the price is the same for every student
- \* All institutional aid resources are endowed funds or pass-through scholarships that are donated to the College for that purpose

## REMAINING TRUE TO WHO WE ARE

Since our founding, we have been champions of freedom.

Just as the founders in 1776 envisioned independence as the necessary path for the prosperity of the new nation, so too has the College long cherished freedom for advancing our faith-based educational mission.

Because of the principled decision not to take or rely on state and federal monies, our commitment to providing financial aid is one of the ways we remain true to who we are.

Deeply held convictions come at a price—and while there are many—one of the costs of being independent is the position of ongoing necessity in taking care of our families and students in need. Making a difference in a student's life can mean making a difference in the world.

## ACCESS TO EXCELLENCE

65%

Student body that receives financial aid

45%

Need-based

20%

Merit-based
